To whom it may concern:

Salus University is a 501(c)3 nonprofit, charitable organization and an accredited, private, specialized academic institution approved by the Department of Education of the Commonwealth of Pennsylvania, and accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools (MSCHE). Our mission is to advance integrated health care through innovative education, research and clinical services.

We operate three clinics, The Eye Institute (Philadelphia, PA), the Pennsylvania Ear Institute (Elkins Park, PA) and the Speech-Language Institute (Elkins Park, PA). Faculty and students in our audiology, occupational therapy, physician assistant, occupational therapy, optometry and speech-language pathology programs see patients and clients in our clinics in Pennsylvania and at externship sites of third party providers throughout the United States. Accordingly, they are Phase 1a healthcare workers with a high risk of exposure to the COVID-19 virus and risk of transmitting infection to vulnerable persons.

As Salus University has not yet received an allotment of vaccine, we would request that you provide an individual that presents their Salus University identification card with a vaccination. Please feel free to contact the undersigned with any questions. Thank you.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "B. Zuckerman", is written over a faint, circular watermark or stamp.

Brian D. Zuckerman
